How to enjoy cultivating the art of supportive confrontation. Do you know what motivates your employees? According to a recent survey, money is not the most motivating factor for employees in the workplace — it's their peers. Is that the case for your staff? In this newly revised edition of 365 Ways to Motivate and Reward Your Employees Every Day — With Little or No Money, we have

new surveys, techniques, and ideas that will help you figure out how to motivate your employees. In this second edition, we discuss the different motivators — internal and external — that get your employees up and going every day. A recent study from the Society of Human Resource Management found that both materialistic and non-materialistic factors play a large part in employee motivation. Things like recognition, rewards, and a good, respectful senior management team are just a few of the recommendations you will read about. By book's end, you should know how to distinguish between those factors and apply them when your employees feel a little more sluggish than usual. Do not be the norm and force your employees into an activity or program that does not match your workplace environment. Take the time to figure out what motivates your employees and why, and make sure to pay close attention to the new ideas about incorporating technology into your workplace. This book is filled with updated information and innovative ideas that can help you figure out how to motivate your employees successfully today. Have you ever lit a match-stick, and thought- "Why wasn't the match-stick burning before I rubbed it against the box?" Motivation one seeks externally is actually inside us all along. Think back to songs you love, books you have read, and discoveries you have witnessed - the motivation these inspired was already inside your brain long before you encountered them. Think of yourself as a matchstick and quotes are the matchbox (striker). Whenever we rub ourselves against a quote, we burn or motivate ourselves for good. You have the right tool in your hand if you are ready to transform your negative thinking into a positive mindset by applying practical tips to grow into your best self! The author's daughter passed away in Dec 2010. Her death was unimaginably impactful and emotionally painful. Over the next five years the author turned into a workaholic, gained weight, denied his emotions, and lost his way in the painful grief of losing his child. He lost his way to living a meaningful life. A friend who was concerned about the author's negative downward spiral, recommended collecting quotes - pieces of wisdom that have become icons over the ages because of their practiced and observed learning - and used them as a foundation to shift his mental and emotional attitude. The appeal for quotes seem to lie in a combination of appropriate wordsmithing, motivational psychology, and a measure of self-selection. People who tend to feel inspired by motivational quotes are going to find them more resonant to their lives and situations. This quote collection allowed the author to focus, take back and rebuild his fragile and emotional psyche, enabled him to create and develop small goals and then larger goals, to take the action steps, and - finally - to get back to living a life he loved. The author offers suitable life-inspiring quotes (52, one weekly, for a calendar year), with tips, reflections, and a small set of questions enabling the readers to empower themselves to think about what negative ideas and emotions are holding them back and what positive goal setting, actions, and thoughts they can strive for to improve their mental and emotional health. These motivational quotes help the reader move past self-imposed limitations, and while the reader's life situation may not be the same as the author's, the empowering exercises will help the reader gain more from their lives by the end of the year. In this book you will ... - ... know there is more to life, and will help you get started motivating yourself - ... find you faster, better ideas to become healthier, happier, and to live a successful life - ... stop you procrastinating and achieve real results for your life - ... stop you from standing still and to achieve the results you've always dreamed about - ... provide you practical ideas to stay motivated despite your current circumstances *100 Ways to Motivate Others* is the culmination of many years of successful leadership coaching and
