Through a succession of key stages since Sri Lanka (formerly Ceylon) became independent in 1948, its Tamil minority, historically concentrated in the north and east but with an important segment in Colombo, became alienated from the Sinhalese majority and, after peaceful opposition failed to secure its rights, resorted to an armed struggle. The Tamil Tigers (LTTE) today appear to hold the key to their people's future. While they have suffered setbacks, including the loss of the Tamil capital, Jaffna, they remain a potent guerrilla force, able to strike with impunity at both military and civilian targets. The Tigers' grip on the Tamil population seems secure, as does their overseas support and funding from Tamil exiles in Britain, Canada, and Australia. This book offers a concise history of the Sri Lankan Tamil nation, its culture, social make-up, and political evolution. In a final chapter, A. J. V. Chandrakanthan gives a first-hand account of life and attitudes inside the embattled Tamil areas today. A. Jeyaratnam Wilson teaches in the Department of Political Science at the University of New Brunswick. He is the author of The Break-Up of Sri Lanka and S. J. V. It gives a vivid description of the crisis, analyses the numerous factors that influence it, and explains a way to end it by democratic means. Sri Lankan Ethnic Crisis: Towards a

Resolution is a unique book among those written on the Sri Lankan ethnic crisis for a number of reasons. It is the only book on the market that looks at the Sri Lankan ethnic crisis in a comprehensive manner. Every other book written on the subject focuses only on some selected aspects of the crisis. At the same time those written before do not help the reader understand the present intricacies of the crisis. A close look at all the books so far written on the subject reveals that Sri Lankan Ethnic Crisis: Towards a Resolution is the first book to: reach readers in both the academic and non-academic environments; help the reader fully understand the historic context of the ethnic crisis in Sri Lanka; discover and discuss in a co-ordinated manner the hidden factors that influence the crisis; expose the disguise of the elite and dynastic-type post-colonial rule as democracy, and the unbuddhist influence of some Buddhist monks on the ethnic crisis; remind the British, the last colonial power of Sri Lanka, of their responsibility for the present predicament of the Sinhalese peasantry and "stateless" Indian Tamils; suggest a complete solution to the crisis with a new democratic model of governance, which is equally applicable in principle to other countries suffering from ethnic strife; and Outline a way to implement the solution in the present political climate. This is the first time a person outside social science academia and the journalistic world has written a book on the subject, giving the citizen's point of view on the ethnic crisis combined with a democratic solution. In his solution, the author suggests a new, bottom-up approach to the crisis, with the people at the centre of the decision making process, instead of the top-down approach that has so far failed. The Sri Lankan Ethnic Crisis: Towards a Resolution is a book of 85,000 words. It also includes a number of explanatory maps, tables, and charts. It is an easy-to-read, concise and up-to-date book that has the answers to the burning questions raised by those committed to finding a lasting solution to the Sri Lankan ethnic crisis. It is a book of interest to everyone everywhere interested in the phenomenon of identity politics, and in matters of democratic processes to ensure the civil, human and political rights of the entire citizenry. Sri Lankan Ethnic Crisis: Towards a Resolution has five chapters. The first chapter introduces the reader to

the Sri Lankan ethnic crisis and the objectives and organisation of the book. The second chapter gives a historical background to the crisis. It takes the reader through three phases of Sri Lankan history: pre-colonial, colonial and post-colonial. It is useful for the reader to know the historical background of the crisis to fully understand its present complexities. The third chapter identifies the root cause of the crisis and explains 10 main factors that have contributed to its escalation into a separatist war since independence in 1948. The fourth chapter stresses the importance of a new political beginning for Sri Lanka as a multiethnic independent nation, and explains eight basic factors that should constitute the foundation for such a new beginning. Then it discusses the varied governing systems developed in other democracies in the world, and proposes a new democratic governing model for Sri Lanka. The model addresses the ethnic issues in Sri Lanka and formulates a way to establish genuine democracy in the country, giving the power of self-determination to all its peoples. This chapter also explains how the country would be able to implement such a new mo
This volume of the navy's history covers the period from 1976 to 1990. It examines the navy's success in keeping abreast of advances in technology in step with progressive self-reliance. In a decade and a half of innovation, the navy equipped its indigenously built frigates, corvettes, and other vessels with combinations of the latest available weapons and equipment from the Soviet Union, from Europe, and from indigenous sources. A tiny "ship design cell," which in 1965 was designing yard craft, was by 1990 designing an aircraft carrier, submarines, and missile destroyers. The new acquisitions from the Soviet Union ranged from missile destroyers, conventional submarines, and long-range reconnaissance aircraft, to minesweepers. All these high-tech inductions needed to be operated and manned by better-educated and better-trained personnel. New maintenance, repair, and refit facilities had to be created. The increase in the volume of spares and the diversity of sources compelled modernization of the logistics system. This volume analyzes how these problems were tackled. Started in 1958, Sanathana Sarathi is a monthly magazine devoted to Sathya (Truth), Dharma

(Righteousness), Shanti (Peace) and Prema (Love) - the four cardinal principles of Bhagawan Baba's philosophy. It is published from Prasanthi Nilayam (the Abode of Highest Peace) and acts as a mouthpiece of Baba's Ashram as it speaks of the important events that take place in His sacred Abode, besides carrying Divine Messages conveyed through Divine Discourses of Bhagawan Sri Sathya Sai Baba. The word meaning of Sanathana Sarathi is the 'Eternal Charioteer'. It signifies the presence of the Lord in every being as the atma guiding their lives like a charioteer. It implies that he who places his life, the body being likened to a chariot, in an attitude of surrender in the hands of the Lord, will be taken care of by the Lord even as a charioteer would take the occupant of his chariot safely to its destination. The magazine is an instrument to disseminate spiritual knowledge for the moral, physical and mental uplift of humanity without any discrimination as the subject matter discussed therein is always of common interest and of universal appeal. The fifteen Vahinis - streams of sacredness - known as the Vahini Series comprising annotation and interpretation of the Upanishads and other scriptures, Itihasas like the Ramayana, the Bhagavatha and the Mahabharata, and authentic explanations on Dhyana, Dharma, Prema, etc., have been serially published in this magazine as and when they emanated from the Divine pen of Bhagawan Baba. This magazine is published in almost all Indian languages, English and Telugu from Prasanthi Nilayam and others from respective regions. Every year Sanathana Sarathi comes out with a special issue in November commemorating the Divine Birthday. The English and Telugu magazines are posted on the 10th and 23rd respectively, of every month, from Prasanthi Nilayam. This magazine has wide, ever increasing circulation in India as well as abroad, as the study of it brings the reader closer to the philosophy of the Avatar in simple understandable language THUS SPAKE SAI... Discoursing during the launch of Sanathana Sarathi... From this day, our Sanathana Sarathi will lead to victory the cohorts of truth - the Vedas, the Sastras and similar scriptures of all faiths, against the forces of the ego such as injustice, falsehood, immorality and cruelty. This is the reason why it has emerged. This Sarathi will fight in order to establish world prosperity. It is bound

This book examines Tamil nationalism in Sri Lanka and provides insights on how Tamil nationalism has survived the destruction of the Tamil Tigers after May 2009 and continues to thrive, despite the absence a charismatic leadership to lead it or a centralised organisation to mobilise the Tamils along ethnic nationalistic lines. The ethnic nationalist ideology shaped-up by the Tamil Tigers continues to remain the driving force of the Tamil polity in Sri Lanka and the Diaspora. Using a Foucauldian counter-historical theoretical framework, the author analyses and offers answers to these questions: What is keeping Tamil nationalism alive despite the demise of the Tamil Tigers over a decade ago? Why do many Tamils in Sri Lanka and abroad refuse to accept a Sri Lankan political identity? How are Tamils able to continue on a nationalist path despite the absence of a unified political leadership? The book argues that Tamil nationalism has survived the latter's destruction because it has become counter-historical. It is this that has allowed, despite the internecine rivalries between Tamil political parties and Diaspora groups, the Tamil nationalist spirit to remain alive. The author also suggests that counter-history has, for many Tamil political parties and Diaspora groups, become the means of waging war, other than through an armed struggle, against the Sri Lankan state. Based on field research, interviews and documentary analysis, the book provides empirical and unique insights on Foucault's thesis that power is multifaceted and can function in the absence of centralized mechanisms. This book will be of interest to researchers in the fields of Politics and International Relations, in particular those working on ethnic nationalism, post-armed conflict peacebuilding/conflict resolution, the politics in Sri Lanka, diaspora politics and Foucault. This book provides a social history of the Tamil Jainas, a minority community living in Tamil Nadu in south India. It holds special significance in the method of studying the community, living in villages of Tamil Nadu and retrieving their perspectives on their past. This is a new approach in terms of historiography from extant works on Jainism in south India. A major feature of this book is the hitherto uncovered aspect of the question of language and identity, caste and the modern socio-political movements in Tamil Nadu, such as the Self-Respect Movement (initiated by 'Periyar'), in which some Tamil Jainas were active participants. Special features in the book include photographs of the community and monuments, maps,

and a unique style, which combines a journalistic approach and academic historical research. This book is of interest to readers of Tamil language and history, and to anyone working on the idea of politics of marginalisation of religious identities, idea of memory, and community narratives of shared history in the face of religious persecution. First Published in 2000. Routledge is an imprint of Taylor & Francis, an informal company. Tamil Nadu has been playing its legitimate role in the inter-government relationship on the Tamil issues. The magnitude of the state politics in the problems of Sri Lankan Tamils has reached its Zenith during the past one decade as a result of the eruption of ethnic violence in Sri Lanka. Since Tamil Polity has been fully dominated by ethnic political parts, each one has been trying its level best to project itself as the Vanguard of Tamil Nationalism. This book traces the approaches of the political parties and especially ethnic political parties towards the Sri Lankan Tamil issues. It also analyses to what extent the pressure extended by the ethnic political parties has been taken into account in foreign policy making of Indian Government during different periods. Significantly this work touches a very important aspect that to what extent the support extended by the political parties to help themselves to establish firm roots in provincial polity. This study sheds light on the ambiguous stand of the political parties in Tamil Nadu over this issue which ultimately has weakened the cause of the Tamils and misled the Indian Government which adopted a tough stand without heeding to the plea of the majority of the Sri Lankan Tamils. In der Buchreihe des "Bonn Center for Dependency and Slavery Studies" werden Monographien und Tagungsbände, die das Phänomen der Sklaverei und andere Formen asymmetrischer Abhängigkeiten in Gesellschaften untersuchen, veröffentlicht. Die Reihe folgt dabei der Forschungsagenda des BCDSS, die die vorherrschende dichotomische Vorstellung von "Sklaverei versus Freiheit" überwindet. Das Cluster hat dazu ein neues Schlüsselkonzept ("asymmetrische Abhängigkeiten") entwickelt, das alle Ausprägungen von ungleichen Abhängigkeiten (wie etwa Schuldknechtschaft, Zwangsarbeit, Dienstbarkeit, Leibeigenschaft, Hausarbeit, aber auch gewisse Formen der Lohnarbeit und der Patronage) berücksichtigt. Dabei werden auch Epochen, Räume und Kontexte der Weltgeschichte bearbeitet, die nicht der europäischen Kolonisierung ausgesetzt waren (z.B. altorientalische Kulturen sowie vormoderne und moderne Gesellschaften in Asien, Afrika und den Amerikas). Society is continually moving towards global interaction, and nations often contain citizens of numerous cultures and backgrounds. Bi-culturalism incorporates a higher degree of social inclusion in an effort to bring about social justice and change, and it may prove to be an alternative to the existing dogma of mainstream Europe-based hegemonic bodies of knowledge. The Handbook of Research on Indigenous Knowledge and Bi-Culturalism in a Global Context is a collection of innovative studies on the nature of indigenous bodies' knowledge that incorporates the sacred or spiritual influence across various countries following World War II, while exploring the difficulties faced as society immerses itself in bi-culturalism. While highlighting topics including bi-cultural teaching, Africology, and education empowerment, this book is ideally designed for academicians, urban planners, sociologists, anthropologists, researchers, and professionals seeking current research on validating the growth of indigenous thinking and ideas.
