How to Manage a Successful Business in China Oct 12 2019 This unique book discusses how to manage an organization in China. It is based on the invaluable practical experience of entrepreneur Johan Bjrkstn, who successfully built a local consulting business with over 100 employees, and Anders Hgglund, a seasoned manager who set up high-growth and highly profitable operations in China for a major industrial multinational. The book provides widely applicable advice based on experiences from different industries, including but not limited to those of the authors. Most books about business in China belong to one of two categories: autobiographical "success stories" or academic treatises. Managing in China goes beyond these genres to provide highly relevant, practical advice and checklists, as well as concrete and illustrative examples from the authors' own experience. Managing in China succinctly explains how historical, cultural and social factors influence today's Chinese business environment, and how managers should take this into account in day-to-day operations. The book focuses on managing in a rapid-growth environment, but also provides advice on how to ensure sustainable operations and profitability in mature industries or a temporary downturn.

Assessing and Treating Culturally Diverse Clients Aug 22 2020 Now in its Fourth Edition, the best-selling *Assessing and Treating Culturally Diverse Clients* offers effective, practical guidelines in working with culturally diverse clients. Author and clinician Freddy A. Paniagua first summarizes general guidelines that clinicians can apply when assessing, diagnosing, or treating culturally diverse clients, but also addresses clinical work with specific culturally diverse groups such as African American, Hispanic, American Indian, and Asian clients. Two new chapters in this edition deal with the assessment, diagnoses, and treatment of emotional problems experienced by LGBT and older adult clients from these culturally diverse groups.

Handbook of Communication in Oncology and Palliative Care Jun 19 2020 Communication is a core skill for medical professionals when treating patients, and cancer and palliative care present some of the most challenging clinical situations. This book provides a comprehensive curriculum to help oncology specialists optimize their communication skills.

Living Sufism in North America Jan 07 2022 Offers an overview of Sufism in North America. In this book, William Rory Dickson explores Sufism as a developing tradition in North America, one that exists in diverse and beguiling forms. Sufism's broad-minded traditions of philosophy, poetry, and spiritual practice infused Islamic civilization for centuries and drew the attention of interested Westerners. By the early twentieth century, Sufism was being practiced in North America. Today's North American Sufism can appear either explicitly Islamic or seemingly devoid of Islamic religiosity. Dickson provides indispensable background on Sufism's relation to Islamic orthodoxy and to Western esoteric traditions, and its historical development in North America. The book goes on to chart the directions that North American Sufism is currently taking, directions largely chosen by Sufi leaders. The views of ten North American Sufi leaders are explored in depth and their perspectives on Islam, authority, gender, and tradition are put in conversation with one another. A more detailed picture of North American Sufism emerges, challenging previous scholarly classifications of Sufi groups, and highlighting Sufism's fluidity, diversity, and dynamism. William Rory Dickson is Assistant Professor of Islamic Religion and Culture at the University of Winnipeg.

Empty Pillows: Healing Matters of the Heart May 11 2022 Empty Pillows: Healing Matters of the Heart, Trilogy I (Empty Pillows) series is about Men and Women looking at the choices they make when it comes to relationships. Empty Pillows is not about pointing fingers at one's love interest, but rather looking at one's own decision-making skills. Empty Pillows focuses on why we allow bad people into our lives and blame them when the relationship goes bad. Empty Pillows helps people to look strongly at themselves. Readers have summed-up Empty Pillows to be a therapeutic book, a self-help book, an introspective book, a thought-provoking book, a step-by-step book; not a man bashing or a woman bashing book. Additionally, Empty Pillows is about being the right individual for the right individual. No man or woman can be the right one for the wrong person. If he or she is wrong for you, then you are wrong for them too.

The Life of Langston Hughes Sep 15 2022 A biography of the Harlem poet whose works gave voice to the joy and pain of the black experience in America.

An Introductory Dictionary of Theology and Religious Studies Dec 18 2022 Spanning the gamut from "Aaron" to "Zwingli," this dictionary includes nearly 3,000 entries written by about sixty authors, all of whom are specialists in their various theological and religious disciplines. The editors have designed the dictionary especially to aid the introductory-level student with instant access to definitions of terms likely to be encountered in, but not to substitute for, classroom presentations or reading assignments. - Publisher.

Reading Between the Signs Workbook Dec 06 2021 This helpful workbook functions as a companion and supplement to Anna Mindess's earlier book, *Reading Between the Signs: A Cultural Guide for Sign Language Interpreters*, a recognized classic text for sign language interpreters and ASL students. It is arranged to correspond with the theory presented in the book and expands its focus to the relativity of politeness and the distinction between direct and indirect communication styles, both of which are important elements in comparing Deaf and mainstream cultures. Hands-on exercises allow students to better comprehend the sometimes-puzzling differences of culturally appropriate behavior. The book also helps students explore their own culture as well as the American Deaf culture in ways that reveal the differences between the two. Role play, discussion topics and critical incidents increase first-hand understanding of the relationship between the Deaf and Hearing communities.

Islam May 19 2020 Christians of all denominations will find reliable and up-to-date information on Islam and its relationship to Christianity in this carefully researched and clearly written guide. Ideal for both individual and group study use, it provides an excellent and informative introduction to the subject.

Reading Between the Signs Sep 03 2021 In *Reading Between the Signs*, Anna Mindess provides a perspective on a culture that is not widely understood - American Deaf culture. With the collaboration of three distinguished Deaf consultants, Mindess explores the implications of cultural differences at the intersection of the Deaf and hearing worlds. Used in sign language interpreter training programs worldwide, *Reading*

Between the Signs is a resource for students, working interpreters and other professionals. This important new edition retains practical techniques that enable interpreters to effectively communicate their clients' intent, while its timely discussion of the interpreter's role is broadened in a cultural context. **NEW TO THIS EDITION:** New chapter explores the changing landscape of the interpreting field and discusses the concepts of Deafhood and Deaf heart. This examination of using Deaf interpreters pays respect to the profession, details techniques and shows the benefits of collaboration.

Reports of Cases Before the Court Apr 10 2022

Preparing For Peace Oct 16 2022 Since the early 1980s John Paul Lederach has traveled worldwide as a mediation trainer and conflict resolution consultant. Currently the director of the International Conciliation Committee, he has worked with governments, justice departments, youth programs, and other groups in Latin America, the Philippines, Cambodia, as well as Asia and Africa. Lederach blends a special training method in mediation with a tradition derived from his work in development. Throughout the book, he uses anecdote and pertinent experiences to demonstrate his resolution techniques. With an emphasis on the exchange involved in negotiation, Lederach conveys the key to successful conflict resolution: understanding how to guide disputants, transform their conflicts, and launch a process that empowers them.

Teaching Struggling Students in Math Apr 17 2020 In this book the author provides examples and recommends highly effective and practical instructional and assessment strategies that classroom teachers can immediately implement and that school administrators can readily observe. These high yield strategies build on accepted practices and directly address the needs of struggling students. His approach assists classroom teachers in organizing their instruction by connecting preparation and instruction to student notes, homework, test preparation, and assessments so students study more effectively. This results in increased student performance. He also emphasizes the importance of student-teacher relationships and the implementing a success-on-success model. His emphasis on making students more comfortable in their knowledge, understanding, and application of math is demonstrated repeatedly with examples of how to introduce new concepts and skills by linking them to previously learned math and outside experiences. These linkages allow teachers another opportunity to review and reinforce skills or address student deficiencies. -- Publisher's description.

Baakisimba Nov 17 2022 The book investigates the problem of how narrative, normally conceived of temporally, encodes its relation to space, especially the territorial space that is the subject of colonial possession and dispossession. The book approaches this problem by, first, providing a theoretical framework derived from the work of Martin Heidegger and Emmanuel Levinas on the ethical and political implications of human dwelling, and, second, by using this framework to examine cultural forms in two historical periods, colonial America and postcolonial South Africa--the primary interest being the works of Charles Brockden Brown and J. M. Coetzee. This book is unique in its elaboration of a spatial-or more exactly, territorial--conception of narrative form.

Body Language For Dummies Mar 17 2020 The complete guide to mastering the art of effective body language Body Language For Dummies is your ideal guide to understanding other people, and helping them understand you. Body language is a critical component of good communication, and often conveys a bigger message than the words you say. This book teaches you how to interpret what people really mean by observing their posture, gestures, eye movements, and more, and holds up a mirror to give you a clear idea of how you're being interpreted yourself. This updated third edition includes new coverage of virtual meetings, multicultural outsourcing environments, devices, and boardroom behaviours for women, as well as insight into Harvard professor Amy Cuddy's research into how body language affects testosterone and cortisol, as published in the Harvard Business Review.. Body language is a fascinating topic that reveals how the human mind works. Image and presentation are crucial to successful communication, both in business and in your personal life. This book is your guide to decoding body language, and adjusting your own habits to improve your interactions with others. Become a better communicator without saying a word Make a better first (and second, and third...) impression Learn what other people's signals really mean Transform your personal and professional relationships Realising what kind of impression you give is a valuable thing, and learning how to make a more positive impact is an incredibly useful skill. Whether you want to improve your prospects in job seeking, dating, or climbing the corporate ladder, Body Language For Dummies helps you translate the unspoken and get your message across.

For The Love of a Boy: Full Colour Feb 14 2020

Language Exploration and Awareness Jan 15 2020 Shows English teachers how they can expand their curriculum beyond the traditional emphases on grammar and syntax, to help their students learn about many aspects of the English language, including general semantics, regional and social dialects, syntax, spelling, lexicography, and word origins. This book is suitable for classroom teachers.

NCERT Solutions - Social Science for Class 9th Jul 21 2020 Keeping in mind the immense importance and significance of the NCERT Textbooks for a student, Arihant has come up with a unique book containing only and all Question-Answers of NCERT Textbook based questions. This book has been designed for the students studying in Class IX following the NCERT Textbook of Social Science.

Community/Public Health Nursing Practice Mar 29 2021 Focusing on practical, need-to-know information, Community/Public Health Nursing Practice helps you learn how to apply the nursing process at the community and family level. It features an engaging, easy-to-understand writing style, as well as assessment tools, detailed case studies, and clinical examples that demonstrate how key concepts apply to real-world practice. Additional resources on the companion Evolve website expand and enhance content within the text. Practical features including Case Studies, Ethics in Practice, and The Nursing Process in Practice illustrate real-world applications of key community/public health nursing concepts. A complete unit on the community as client helps you understand how the assessment, diagnosis, planning, intervention, and evaluation steps of the nursing process apply to the community, as opposed to an individual. A chapter devoted to community assessment provides a complete assessment tool and shows you how the tool applies to two different types of communities. **UNIQUE!** A chapter on screening and referral promotes population-focused practice, which is the crux of community/public health nursing. A separate unit on the family emphasizes the importance of viewing the family as a singular client. A complete discussion of the Minnesota Wheel helps you better understand this widely-accepted framework for community/public health nursing practice. Helpful sections such as Focus Questions, Chapter Outlines, Key Ideas, and Learning by Experience and Reflection help you pinpoint essential information. **NEW!** Healthy People 2020 objectives throughout the text help you identify common health risk factors in populations and families. **NEW!** Coverage of health care reform, including the Patient Protection and Affordable Care Act of 2010 (PPACA), explores how current health care legislation impacts community/public health nursing. **NEW!** Discussions of community health "hot button" issues, such as human trafficking, genital circumcision, and bullying, introduce you to today's health care challenges. **NEW!** Information on weather-related disaster fatalities, bioterrorism, and national and state planning responses familiarize you with current, relevant issues which affect the health of populations worldwide and shape the role of the community/public health nurse.

Notes on Love in a Tamil Family Nov 24 2020 Love, as a force in human affairs, is still not given much attention or credence by social scientists. With *Notes on Love in a Tamil Family*, Margaret Trawick places the notion of love prominently in social scientific discourse. Her unforgettable and profusely illustrated study is a significant contribution to anthropology and to South Asian studies. Trawick lived for a time in the midst of one large South Indian family and sought to understand the multiple and mutually shared expressions of anpu--what in English we call love. Often enveloping the author herself, changing her as she inevitably changed her hosts, this family performed before the young anthropologist's eyes the meaning of anpu: through poetry and conversation, through the not always gentle raising of children, through the weaving of kinship tapestries, through erotic exchanges among women, among men, and across the great sexual boundary. She communicates with grace and insight what she learned from this Tamil family, and we discover that love is no less universal than selfishness and individualism.

A Sign of Respect Feb 20 2023

People Buy You Aug 14 2022 The ultimate guide to relationships, influence and persuasion in 21st century business. What is most important to your success as a sales or business professional? Is it education, experience, product knowledge, job title, territory, or business dress? Is it your company's reputation, product, price, marketing collateral, delivery lead times, in stock ratios, service guarantees, management strength, or warehouse location? Is it testimonials, the latest Forbes write up, or brand awareness? Is it the investment in the latest CRM software, business 2.0 tools, or social media strategy? You could hire a fancy consulting firm, make the list longer, add some bullet points, put it into a PowerPoint presentation, and go through the whole dog and pony show. But at the end of the day there will be only one conclusion... None of the above! You see, the most important competitive edge for today's business professionals cannot be found on this list, your resume, or in any of your company's marketing brochures. If you want to know the real secret to what matters most in business, just look in the mirror. That's right, it's YOU. Do these other things matter? Of course they do, but when all things are equal (and in the competitive world we live in today, things almost always are) People Buy You. Your ability to build lasting business relationships that allow you to close more deals, retain clients, increase your income, and advance your career to rise the top of your company or industry, depends on your skills for getting other people to like you, trust you, and BUY YOU. This break-through book pushes past the typical focus on mechanics and stale processes found in so many of today's sales and business books, and goes right to the heart of what matters most in 21st century business. Offering a straight forward, actionable formula for creating instant connections with prospects and customers, People Buy You will enable you to achieve a whole new level of success in your sales and business career. You'll discover: Three relationship myths that are holding you back Five levers that open the door to stronger relationships that quickly increase sales, improve retention, increase profits and advance your career The real secret to making instant emotional connections that eliminate objections and move buyers to reveal their real problems and needs How to anchor your business relationships and create loyal customers who will never leave you for a competitor How to build your personal brand to improve your professional presence and stand-out in the market place People Buy You is the new standard in the art of influence and persuasion. Few books have tackled the subject of interpersonal relationships in the business world in such a practical and down-to-earth manner, breaking what many perceive as a complex and frustrating process into easy, actionable steps that anyone can follow.

The Literacy Gaps Feb 25 2021 Build bridges of support so English language learners and standard English learners can learn alongside their peers! This comprehensive, research-based guide helps teachers bridge multiple gaps and promote learning for English language learners (ELLs) and standard English learners (SELs). The authors provide strategies, examples, and tools to address: The gap between students and texts: covering word recognition, background knowledge, comprehension, and academic language development The gap between students and teachers: including sociocultural differences between teachers and students and teacher perceptions and expectations The gap between students and their peers: discussing language proficiency differences, grouping strategies, and grade-level and schoolwide programs

Hinduism Oct 04 2021 Hinduism is currently followed by one-fifth of humankind. Far from a monolithic theistic tradition, the religion comprises thousands of gods, a complex caste system, and hundreds of languages and dialects. Such internal plurality inspires vastly ranging rites and practices amongst Hinduism's hundreds of millions of adherents. It is therefore not surprising that scholars have been hesitant to define universal Hindu beliefs and practices. In this book, Axel Michaels breaks this trend. He examines the traditions, beliefs, and rituals Hindus hold in common through the lens of what he deems its "identificatory habitus," a cohesive force that binds Hindu religions together and fortifies them against foreign influences. Thus, in his analysis, Michaels not only locates Hinduism's profoundly differentiating qualities, but also provides the framework for an analysis of its social and religious coherence. Michaels blends his insightful arguments and probing questions with introductions to major historical epochs, ample textual sources as well as detailed analyses of major life-cycle rituals, the caste system, forms of spiritualism, devotionism, ritualism, and heroism. Along the way he points out that Hinduism has endured and repeatedly resisted the missionary zeal and universalist claims of Christians, Muslims, and Buddhists. He also contrasts traditional Hinduism with the religions of the West, "where the self is preferred to the not-self, and where freedom in the world is more important than liberation from the world." Engaging and accessible, this book will appeal to laypersons and scholars alike as the most comprehensive introduction to Hinduism yet published. Not only is Hinduism refreshingly new in its methodological approach, but it also presents a broad range of meticulous scholarship in a clear, readable style, integrating Indology, religious studies, philosophy, anthropological theory and fieldwork, and sweeping analyses of Hindu texts.

Fostering Christian Faith in Schools and Christian Communities Through Igbo Traditional Values Oct 24 2020 Religious education in Nigeria is in a state of transformation, owing to the country's current pluralist nature among other factors. In the process, concepts of religion and education are revisited and reassessed in order to make them meaningful to mankind in his pluralist world. With this book, author Michael Okoh inaugurates a fundamental revision. He brings traditional African education and values alongside Christian ideals into dialogue with the "Western progressive learning approaches," paving new ways for religious education activity in Nigeria, particularly in Igboland. (Series: Tubingen Prospects on Pastoral Theology and Religious Pedagogics / Tubinger Perspektiven zur Pastoraltheologie und Religionspädagogik - Vol. 45)

The Art of Love Nov 12 2019 Are you:-- seeking to renew a relationship? -- considering a new relationship? -- troubled with establishing a long-term relationship? -- divorced and trying to understand why your marriage failed? -- experiencing problems in love, romance, sex, intimacy or marriage? -- a therapist or counselor who would like to provide an accessible resource for your clients? -- Millions of books on relationships have been printed over the years. Why do we need another? We need *The Art of Love: The Craft of Relationship* for the same reasons that over four and a half million readers wanted *Spencer Johnson's Who Moved My Cheese*. Following Johnson's methods of teaching to a broad, modern audience, *The Art of Love: The Craft of Relationship* presents the profound principles that form a loving relationship in an easily accessible manner. Using a very simple approach, it will help people shift their attitudes and provide them with the skills to create loving, long-lasting partnerships. There are so many titles in print on change because it is an ongoing challenge for most of us. So are relationships. With more than six decades of experience working with couples, we knew we had vital information, lessons, and insights to share, but we insisted that the book be short, engaging, and easy to read. A helpful book does not have to be dense to be packed with wisdom, skills, and ideas that can open the door to a new era of fulfilling relationships. We have brought complex material and common sense into a format that is carefully constructed to achieve results by being communicative and consistent, enjoyable and hopeful. Unlike the textbook appearance of most self-help books that include psychological jargon, case examples and exercises, *The Art of Love: The Craft of Relationship* uses stories and dialogue to teach profound insights and valuable skills. It sticks to

people talking in a way the reader can identify with and understand. It brings hope because the reader who is experiencing stress in a relationship can see that other people, like them, are, too. And, that learning a few basic skills can bring lasting change and renew love. The best news is that our book will be useful to many people because it will give them a new way to look at their relationship and the skills to handle problem after problem in a way that builds love and trust. Our mission is to appeal strongly to those who are considering a relationship, seeking to renew one, or are looking for a way to understand a partner and a process for dealing with problems in love, romance, sex, intimacy and living together.

The African Philosophy Reader Jan 19 2023 This collection provides a thorough introduction to African philosophy, literature, religion and anthropology through twenty-five readings from key thinkers. They discuss topics such as African culture, epistemology, metaphysics and religion, political philosophy, aesthetics, and explore rationality and explanation in an African context.

Just Peace Theory Book One Mar 09 2022 In these essays I often refer to social contracts such as the Declaration of Independence, the Constitution of the United States, the Universal Declaration of Human Rights, and other international conventions that describe a vision of just human relations, especially in the area of culture and health care. We do not live behind a veil of ignorance where we enter into contemplation of questions of right and wrong without an awareness of our own particularities. Moreover, we do not always determine what is right based on reason. But, we do make decisions every day about how we will live within the social contracts that govern our lives. Many of us go along to get along with a let's-not-rock-the-boat-preserve-the-status-quo-caution. Then there are those of us who use the documents of our social contracts to secure more justice and more peace. The purpose is to rock the boat and to disrupt the status quo when it is unjust. I understand Christ as a title not as a person. It is a designation of an anointing. This, in my opinion, is the anointing of radical love. Christ is the human incarnation of divine love. We each ought to strive to become this whether or not we are Christian, whether or not we are even believers. Those of us who are Christians believe that Jesus paid it all. There is no more need for blood-shed sacrifice. Murder is never holy. God does not need it or want it. Our work now is to become living sacrifices that will redeem this world through justice and peace. That is the meaning of these essays. (From the Introduction)

Veiled Gurus Jul 01 2021 This work examines the social reality of a Hindu woman's involvement in the transmission of religious knowledge. The two-year ethnographic study traces the steps of Dalit women in an urban village in New Delhi, India, in which Dr. Yim explores the mother's role in life cycle rituals, festivals, vrats (ritual fasts), and daily life. In this study, Yim attempts to bridge the gap between the word of religious texts and the reality of the women's lives. Despite the tradition of religious texts to overlook the role of women as teachers, this study found that women are the primary agents of religious knowledge transmission. The Dalit women in this study convey their erudition through informal education, such as observation; worship; imitation; and family responsibilities. The implications of this study are not only to validate informal education as an effective means of teaching, but to confirm the central role Hindu women have in the transmission of religious knowledge to their children.

Understanding Misunderstandings Aug 02 2021 Have you ever meant one thing, but said another? Reacted angrily when no offense was intended? Wished that the earth would open up and swallow you? Understanding Misunderstandings will help you get out and stay out of these difficulties. Robert L. Young explains why many common types of misunderstandings arise and how they can be avoided or corrected. In the first part of the book, he breaks the process of misunderstanding down into stages, showing how it can occur when we misspeak, mishear, misinterpret, or react in inappropriate ways. In the second part, he expertly analyzes the kinds of misunderstandings that can arise from differences in culture, social class, race and ethnicity, and gender. Real-life examples illustrate many of the problems and solutions he describes. Because misunderstanding can destroy friendships and marriages, wreck careers, and lead to clashes between whole segments of society, understanding and diffusing it is of the utmost importance. This reader-friendly book provides the practical guidance to do just that. Educators, business people, psychologists, parents—in fact, everyone who interacts with other people—will benefit from it.

Culture and Customs of Gambia Dec 26 2020 Ideal for high school and undergraduate students, this addition to the Culture and Customs of Africa series examines the contemporary cultures and traditions of modern Gambia, from religious customs to literature to cuisine and much more. * A map of Gambia * Photographs depicting places in Gambia and people engaging in traditional activities and customs * A bibliography of sources and additional reading

Nonverbal Communication Jul 13 2022 Edited by three leading authorities on nonverbal behavior, this book examines state-of-the-art research and knowledge regarding nonverbal behavior and applies that scientific knowledge to a broad range of fields. The editors present a true scientist-practitioner model, blending cutting-edge behavioral science with real-world practical experience—the first of its kind to merge theoretical and practical worlds. The observations of the practitioners who share their insights and experience will inspire and generate many new research ideas. This book is a valuable resource for students, practitioners and professionals to discover the science behind the practice and to see how other professionals have incorporated nonverbal communication into practice.
