As a psychotherapist who focuses on working with the issues that challenge midlife and older men, Robert Schwalbe feels that

the 60s and beyond can be the most rewarding or the most miserable period in a man's life. An aging male baby boomer looking at 60 encounters very specific psychological and physical changes. The impact of these changes can be felt in relationship to others and in how a man sees himself in his world. Does he continue to fit in? In particular, how a man adapts to being in his 60s is an indicator of how he feels about living the rest of his life. Dr. Schwalbe knows from personal experience, as well as from his patients, the challenges produced by anxiety and depression in dealing with aging in a youth-oriented society. He looks at competition in the gym, sports field, financial and business arena, the political world to the social and sexual world and urges men to adapt to the outside forces. The key is in the expectations and how to recognize and plan for them. Candid and straightforward talk with vignettes drawn from Dr. Schwalbe's practice illustrate problems and solutions related to marriage, relationships, career, retirement (don't, he urges), divorce, death of a partner, fitness, nutrition, sexual behavior, dealing with adult children, lifestyle changes, financial planning, ageism, and many other topics. Schwalbe presents a heart-felt and therapeutically tested guide to keeping things in perspective in order to maintain self confidence and self esteem. Most importantly, this book is directed to the aging male baby boomer (and to those who love him, know him, or live with him). It tells him that he is not alone and that the intimate thoughts that he has about his aging body and mind are shared by millions of men who are in their 60s and are dealing with their new age. - Are you frustrated with life? - Are you depressed? - Has your faith and hope been challenged? - Are times tough for you and your loved ones? - Are you ready for positive change? - Dr. A. There are many books on the market explaining, detailing, defining, and analyzing shamanism while explaining how a person can become a shamanic practitioner. However, the “ person ” is always assumed to be an adult. Shamanism for Teenagers, Young Adults and The Young At Heart is the first book of its kind. It is a "how to" begin a shamanic practice written for teenagers. After explaining how to begin, the author leads the reader through a series of journeys, each one widening the scope of knowledge.

Each journey is carefully selected to give the reader the knowledge that this type of journey exists and can be used in many circumstances. As humans, we get to choose what we believe and who we want to be. This book is a ruthlessly pragmatic guide to creating your own answers to life's biggest questions. Each of this book's four chapters covers one of the most important questions a person must ask themselves: - What is the purpose of my life?- How can I best realize the purpose of my life?- Who do I want to be?- How do I want other people to think of me? Rather than give you answers to these questions, this guide provides a framework that helps you develop your own answers while equipping you with the neuroscientific tools necessary to transform yourself into whomever you choose to be. If you are looking for a light read that will make you feel good about yourself, this isn't the book for you. If you want to take the time to think hard, take full ownership of the person you have allowed yourself to become, and permanently transform yourself into the best iteration of that person then you have found your book.
