Customary International Humanitarian Law Jan 18 2020 This volume contains, for each aspect of international humanitarian law, a summary of the relevant treaty law and relevant state practice including legislation, military manuals, case-law and official statements, as well as practice of international organisations, conferences and judicial and quasi-judicial bodies. It offers a comprehensive overview of what current or past practice has been in the chosen representative countries around the world. This original and Authoritative work is published by Cambridge in association with the ICRC and will be an essential reference work for anyone involved with international humanitarian law.
