Walk with Your Wolf Jul 26 2020 'Drawing on perceptive insight and profound wisdom, Jonathan Hoban reveals how the simple act of walking can displace our minds from a place of chaos to tranquil calm, and makes a beautiful and inspiring case for walking with your wolf.' - Dr Mithu Storoni, author of *Stress-Proof Nature* is our greatest healer. It's time to start walking and reclaim the wildness in all of us. When did you last take a walk? Not a stroll to the shops, or to the pub, but a walk that got you energised, stimulated your senses, allowing you to de-stress? If the answer is that you'd love to walk, but don't have the time, there really are more reasons to get outside than you might think. When we walk we find the space to process our feelings and we begin to have the courage to be vulnerable and honest with ourselves. Walking awakens the intuition that helps us face up to our difficulties and walk alongside them, enabling us to find positive solutions to our problems. Our ancestors knew all about movement - they walked across the planet, understanding nature and learning to respect and work in harmony with it. Written by a London-based therapist, *Walk with your Wolf* is part memoir, part self-help and part reflection on the connection we must re-establish with our natural, intuitive selves if we are to live healthy, fulfilling lives. Offering practical advice and exercises on how to walk and think as a method of confronting difficult emotions, this book will allow you to reconnect with your intuition, confidence and power. 'An important message about the power of reconnecting with the primal self to achieve balance in the modern world. A fascinating read' - Megan Hine 'Deftly blending science, his own narrative and his experience as a therapist, he is at our side as we find a way of engaging with and being healed by nature. Like the wolf in the book's title, we can reconnect with our own elemental lupine instincts which are so often repressed in our stressful and artificial world - both a wolf's wildness as well as its sociability and need to be part of a pack. Follow in Hoban's easy to apply footsteps and you will never walk alone again. - Rachel Kelly, bestselling author of *Walking on Sunshine* and *The Happy Kitchen* 'Jonathan Hoban challenges us to use nature as a setting for reconsidering our lives and our stresses. He asks us to 'walk alongside our difficulties' giving ourselves the physical and mental space to look at ourselves anew and to decide what we really need. For that commute to work, or indeed for that break on the park bench, I commend this book.' - Sir Ciarán Devane, CEO of the British Council

The Power of Intuition Feb 25 2023 At times in our careers, we've all been aware of a "gut feeling" guiding our decisions. Too often, we dismiss these feelings as "hunches" and therefore untrustworthy. But renowned researcher Gary Klein reveals that, in fact, 90 percent of the critical decisions we make is based on our intuition. In his new book, **THE POWER OF INTUITION**, Klein shows that intuition, far from being an innate "sixth sense," is a learnable--and essential--skill. Based on interviews with senior executives who make important judgments swiftly, as well as firefighters, emergency medical staff, soldiers, and others who often face decisions with immediate life-and-death implications, Klein demonstrates that the expertise to recognize patterns and other cues that enable us--intuitively--to make the right decisions--is a natural extension of experience. Through a three-tiered process called the

"Excelleration Program," Klein provides readers with the tools they need to build the intuitive skills that will help them make tough choices, spot potential problems, manage uncertainty, and size up situations quickly. Klein also shows how to communicate such decisions more effectively, coach others in the art of intuition, and recognize and defend against an overdependence on information technology. The first book to demystify the role of intuition in decision making, *THE POWER OF INTUITION* is essential reading for those who wish to develop their intuition skills, wherever they are in the organizational hierarchy.

Each of the mini-lessons comes with its own affirmation or inspirational statement to complement and strengthen each of the 101 lessons. Intuition Is Your Superpower Oct 21 2022 CHAPTER ONE HOW MY BODY TOLD ME THE STORY I'VE BEEN TRYING TO FORGET It was a winter's night filled with sounds. As I climbed into bed, I heard the rain pitter-patter on the streets of San Francisco outside. "It's Beginning to Look a Lot Like Christmas" had been playing on repeat in my head the whole day and looked set to accompany me to sleep. When suddenly, the booming became too loud, too near. I woke up and heard footsteps and banging rattling through my paper-thin walls. It was my neighbor. Drunk, again. Dammit, he was having a party! "Give him another hour", I told myself. What was causing me, a 36-year-old woman, to be this triggered by a neighbor who had no idea he was setting off all kinds of trauma in me? Why did I feel so vulnerable and helpless? End of preview ----- We're rational creatures - well, at least that's what we've been told. That is, until one day you wake up and realize you're not happy. Something's terribly wrong - even though you did everything right. You have everything you need alright - but none of what you want. What happened? Don't let what you believe to be the choice of your rational mind suck all happiness out of you. Sometimes, you've got to do a leap of faith - and trust your intuition a tiny bit more. It's here to serve you - and save you from wasting time on all the wrong people, in all the wrong places, doing all the wrong moves. How do you know when is the right time to trust that little voice at the back of your mind - or completely ignore it? Intuition isn't the opposite of logic & facts - it's about embracing both the spiritual and rational. Intuition isn't the voice of your biggest fears - or strongest desires. And intuition isn't something only a few chosen ones have - it's rather a skill that can be taught and mastered. That's where *Intuition is Your Superpower* comes to give you some much-needed guidance and clarity. In *Intuition is Your Superpower*, you will learn more about: What is intuition and what intuition is NOT. As a psychic medium, intuitive counselor, and spiritual teacher, clients from all over the world have sought her out for both personal guidance and as a means to connect with their departed loved ones' souls. Even so, DiMarco's greatest gift is her ability to teach others how to connect to the universe themselves—and in a way that sets meaningful change in motion. Act is a powerful call to get off the meditation cushion and put one earthly foot in front of the other to create momentum and positive change. When you connect to your Universal Team's wisdom and guidance using Believe, Ask, Act, you will raise your intuition and learn how to identify and remove the spiritual, emotional, and real-world obstacles that hold you back. Developing Your Intuition Jun 05 2021 The little book will help you connect more readily and easily with your intuition. We all have the capacity for intuitive insight; in fact, intuition is already within us - whether we are aware of it or not. Having intuition doesn't involve having psychic powers or having to visualize white lights coming out of our heads. These common "new age" style techniques are not at all necessary to develop our intuition. In some cases, these techniques further impair our capacity to be intuitive simply because it can add more clutter into our minds. Developing your intuition is not about adding more or wanting more, it's about throwing things out and wanting less - when we have cultivated a healthy space within, we can hear, see and feel our intuition more clearly. This book will help you to understand what intuition is and why it is an important part of our lives. It will outline some very simple and progressive steps to take in order to de-clutter the mind so that you can become more aware and sensitive to your intuitive abilities.

Reiki and Your Intuition Sep 20 2022 Reiki has already swept through the world and become globally known. It seems that everyone is, or at least knows, a Reiki practitioner. What people did not expect is that Reiki is quite real. It is a distinct and powerful frequency of energy that heals the person proving Reiki just as much as the one who receives Reiki. The reality is that these changes are inevitable, expansive, positive, transformational . . . and sometimes extremely scary. This book is designed for all Reiki practitioners at all levels. *Reiki and Your Intuition: A Union of Healing and Wisdom* prepares, explains, and assures the practitioner that, because of Reiki, positive changes are happening and will continue to happen in their personal lives. This book will guide the practitioner through their own personal healing challenges, while at the same time, providing guidance through their startling, unforeseen intuitive skills exploding into other realms of consciousness. Zion brings her history of teaching Reiki with her current specialty of teaching medical intuition to provide a step-by-step guide and personal workbook for the Reiki practitioner to excel as a natural healer. Included in the book are very personal stories from Reiki practitioners and at the same time asks each reader to be much more aware of their own story as an intuitive Reiki provider. Each reader will learn: •To be a clear vessel for intuitive Reiki; •Precise steps for accurate intuitive assessments;(br>•Each person's personal intuitive relationship with the symbols; •Step-by-step distant healing; •Intuitive attunements; •The depth of each person's own personal story.
