This fun, engaging activity book teaches 100 sight words your child should know in 2nd grade. Divided into manageable groups, words are introduced and reinforced through inviting activities, puzzles, and games. The activities are carefully designed to strengthen reading skills, boost writing skills, and expand vocabulary. A solid vocabulary is crucial for testing, writing, and the precise communication required by daily life. Using a contextual approach, Wordly Wise 3000 students are taught to say unfamiliar words and identify any possible similarities to other words, use the word in context, break the word down into parts, and finally look it up. Three thousand carefully selected words taken from literature, textbooks, and SAT-prep books form the backbone of this vocabulary series. Each lesson begins with a Word List that includes pronunciations, parts of speech, and concise definitions, and uses each word in an interesting, contextual, sentence. Lessons teach new words through reading, writing, and a variety of activities designed to firmly associate words with the context in which they're used. lesson.
