The Glamour Boys Aug 14 2022 In the early 1930s, a group of young, queer British MPs visited Berlin on a series of trips that would change the course of the Second World War. Having witnessed the Nazis' brutality first-hand, these men were some of the first to warn Britain about Hitler, repeatedly speaking out against their government's policy of appeasing him. Prime Minister Neville Chamberlain hated them. Branding them 'the glamour boys' to insinuate something untoward about them, he had their phones tapped and threatened them with deselection and exposure. At a time when even the suggestion of homosexuality could land you in prison, the bravery these men were forced to show in their personal lives gave them extraordinary courage in public. Undaunted, they refused to be silenced and when war came, they enlisted. Four of them died in action. And without them, Britain would never have faced down the Nazis.

The House of Gucci Feb 25 2021 NOW A MAJOR MOTION PICTURE from director Ridley Scott, starring Lady Gaga and Adam Driver The sensational true story of murder, madness, glamour, and greed that shook the Gucci dynasty, now fully updated with a new afterword On the morning of March 27, 1995, four quick shots cracked through Milan's elegant streets. Maurizio Gucci, heir to the fabulous fashion dynasty, had been ambushed, slain on the steps to his office by an unknown gunman. Two years later, Milan's chief of police entered the sumptuous palazzo of Maurizio's ex-wife, Patrizia Reggiani—nicknamed "the Black Widow" by the press—and arrested her for the murder. Did Patrizia kill her ex-husband because his spending was wildly out of control? Did she do it because he was preparing to marry his mistress? Or is it possible Patrizia didn't do it at all? The Gucci story is one of glitz, glamour, and intrigue—a chronicle of the rise, near fall, and subsequent resurgence of a fashion dynasty. Beautifully written, impeccably researched, and widely acclaimed, The House of Gucci is a page-turning account of high fashion, high finance, and heartrending personal tragedy.

Birthday Glamour! Jan 07 2022 Victoria Torres has always had a family birthday party that she shares with her beloved grandmother, but this year she is so impressed by her classmate's birthday party at GlamaRama, the mall's newest spa store, that she decides that she wants to celebrate her twelfth birthday there--and her mother refuses to do both.

Eccentric Glamour Sep 22 2020 Glamorous eccentrics are irresistible people. They are irreverent, occasionally impertinent, a tad mysterious, charming, often self-invented, good at applying eyeliner, and above all nonconformist. They are a fabulous confection of style, self-empowerment, and black patent sling backs. Everyone wants to be one, but how? Ubiquitous style guru Simon Doonan has the answer. By no means a typical how-to manual, Eccentric Glamour is a mixture of cultural commentary and personal disclosure, generously seasoned with gushings of wildly dictatorial, provocative, and reckless style advice. Through cautionary tales and inspirational examples, Doonan shows how to develop your own brand of eccentric glamour -- by magnifying everything that is already unique and idiosyncratic about you. In these comic essays, interspersed with one-on-one interviews with some of the world's most glamorous eccentrics (including Iman, Lucy Liu, Tilda Swinton, Malcolm Gladwell, and many more), Simon Doonan offers the women of America an alternative to the cheapness and tackiness that currently pass for personal style. Eccentric Glamour is intended as an antidote to the epidemic of slutty dressing and porno-chic that has taken over since the arrival of Paris Hilton and Anna Nicole Smith (may she rest in peace). While the typical TV boobs 'n' Botox makeovers force every woman to look the same, the transformations this book strives to inspire are the very opposite. Dressing like a ho is not just bad taste but boring! In Simon Doonan's book, conformity is the only crime and dressing down the only faux pas. Eccentric Glamour is every woman's birthright. SO SAY NO TO HO!...and yes to ECCENTRIC GLAMOUR!

Glamour Aug 02 2021 How do we understand glamour? Has it empowered women or turned them into objects? Once associated with modernity and the cutting edge, is it entirely bound up with nostalgia and tradition? This unique and fascinating book tells the story of glamour. It explores the changing meanings of the word, its relationship to femininity and fashion, and its place in twentieth century social history. Using a rich variety of sources - from women's magazines and film to social surveys and life histories - Carol Dyhouse examines with wit and insight the history and meaning of costume, cosmetics, perfume and fur. Dyhouse disentangles some of the arguments surrounding femininity, appearance and power, directly addressing feminist concerns. The book explores historical contexts

in which glamour served as an expression of desire in women and an assertion of entitlement to the pleasures of affluence, finally arguing that glamour can't simply be dismissed as oppressive, or as male fantasy, but can carry celebratory meanings for women.

A Forged Glamour Dec 26 2020 A Forged Glamour, which takes its title from a poem, is an exploration of the lives and deaths of ironworking communities renowned for their spectacular material culture, who lived in modern-day East and North Yorkshire, between the 4th and 1st centuries BC. It evaluates settlement and funerary evidence, analyses farming and craftwork, and explores what some of their ideas and beliefs might have been. It situates this regional material within the broader context of Iron Age Britain, Ireland and the near Continent, and considers what manner of society this was. In order to do this it makes use of theoretical ideas on personhood, and relationships with material culture and landscape, arguing that the making of identity always takes work. It is the character, scale and extent of this work (revealed through objects as small as a glass bead, or as big as a cemetery; as local as an earthenware pot or as exotic as coral-decoration) which enables archaeologists to investigate the web of relations which made up their lives, and explore the means of power which distinguished their leaders.

The Glamour of the Snow Oct 24 2020 Though he was a writer for all seasons, the stories I like best usually have a chill wind running through them. My favourite is one of his lesser known tales, from 1912: The Glamour of the Snow. It's set in the Alps, one of Blackwood's favourite locations, and tells of a writer's fatal attraction to a ghostly ice-skater whom he encounters on a deserted rink at night. It opens with a sentence that could pass as a summary of the whole Blackwood project: "Hibbert, always conscious of two worlds, was in this mountain village, conscious of three ..." There's the world of the wealthy English tourist, the patronisingly observed "peasant world" and "this other - which he could only call the world of Nature". Rarely can a capital letter have carried such freight: Blackwood's Nature isn't pastoral but a wild and dangerous other, which rears up in his stories to destroy the minds of those who try to get too close to it. Encounters with the uncanny in Blackwood's work are often signalled by upwards movement. In *The Wendigo*, a doomed tracker is heard screaming from the treetops, while the first sign of anything sinister in *The Willows* is an upward ripple of the stems. In *The Glamour of the Snow* it's the writer's own imagination that lures him out of the brightly lit ski resort and up the mountains, higher than anyone has ever gone before, in pursuit of the enchantress he has conjured out of the play of shadows and wind. Defiance of gravity continually undermines the common view, that "Nature ... is both blind and automatic". Blackwood's stories assert a deeper reality which, like the spectral skater, is always just "a little farther on, a little higher" than humans can grasp. I find it hard to work out why I find *The Glamour of the Snow* so alluring, as it's a simple story in which it is demonstrated that even a storyteller as slick as Blackwood was at a loss to find more than one English word for snow. But he understands compulsion better than any other writer I know. And the story is big enough to keep changing its meaning. I read it first as a ghost story, then as an account of the maddening power of storytelling. In the era of global warming, it has morphed - along with so much of Blackwood's work - into an eco-fable about the ravishing remorselessness of nature. Good to read by electric light, with curtains drawn.

Why This World: A Biography of Clarice Lispector May 19 2020 "That rare person who looked like Marlene Dietrich and wrote like Virginia Woolf," Clarice Lispector is one of the most popular but least understood of Latin American writers. Now, after years of research on three continents, drawing on previously unknown manuscripts and dozens of interviews, Benjamin Moser demonstrates how Lispector's development as a writer was directly connected to the story of her turbulent life. Born in the nightmarish landscape of post-World War I Ukraine, Clarice became, virtually from adolescence, a person whose beauty, genius, and eccentricity intrigued Brazil. *Why This World* tells how this precocious girl, through long exile abroad and difficult personal struggles, matured into a great writer. It also asserts, for the first time, the deep roots in the Jewish mystical tradition that make her the true heir to Kafka as well as the unlikely author of "perhaps the greatest spiritual autobiography of the twentieth century." From Chechel'nik to Recife, from Naples and Berne to Washington and Rio de Janeiro, *Why This World* strips away the mythology surrounding this extraordinary figure and shows how Clarice Lispector transformed one woman's struggles into a universally resonant art.

Wonderland Avenue Feb 20 2023 At the age of thirteen, Danny Sugerman- the already wayward product of Beverley Hills wealth and privilege- went to his first Doors concert. He never looked back. He became Jim Morrison's protégé and- still in his teens- manager of the Doors and then Iggy Pop. He also plunged gleefully into the glamorous underworld of the rock 'n' roll scene, diving headfirst into booze, sex and drugs: every conceivable kind of drug, ever day, in every possible permutation. By the age of twenty-one he had an idyllic home, a beautiful girlfriend, the best car in the world, two kinds of hepatitis, a diseased heart, a \$500 a day heroin habit and only a week to live. He lived. This is his tale. Excessive, scandalous, comic, cautionary and horrifying, it chronicles the 60s dream gone to rot and the early life of a Hollywood Wild Child who was just brilliant at being bad.

To read Jack Gray's musings is to enter the company of a young man of titanic wit and talent. As he observes and echoes the fixations and neuroses of his generation and our times, he will make you squirm, guffaw, and ultimately marvel.

Las Vegas Babylon Jul 01 2021 What happens in Vegas doesn't necessarily stay in Vegas and the proof is in this lively and entertaining compilation of stories chronicling decades of decadence, celebrity shenanigans and political corruption, as well as the glitz and glamour of the casinos that pass for everyday life in Las Vegas. Underneath the city's present success lies many infamous tales of excess and debauchery. Using new information from recently released FBI documents, Jeff Burbank brings to life the Vegas mob in its heyday, recounting never before heard tales of the mobsters who made Vegas what is today. But mobsters aren't the only ones with skeletons in Las Vegas's closet. Over the years, Hollywood stars have had their share of the limelight. Burbank has uncovered the many fateful, and often amusing, incidents that have befallen the glamorous and here he recalls the details of the darkest moments in the lives of the famous and the foolish: such as Marilyn Monroe's quickie divorce; boxer Sonny Liston's secret heroin deal just before his death; The Doors singer Jim Morrison's arrest for fighting on the Strip; comic Lenny Bruce's hilarious onstage run-in with singer Pearl Bailey; the Vegas drug store that sent drugs and syringes to Elvis Presley almost anywhere he wanted; and the hookers who tricked-rolled comedian Tommy Smothers in his Strip hotel room. Also featured are the stories of everyday people –casino workers, small business people and random travellers – who found their lives turned upside down by Las Vegas temptations. With fast-paced and entertaining prose, Burbank captures the true stories from Las Vegas' seedy underbelly that have led to America's 100 year fascination with the aptly-named Sin City.

So, armed with her well-thumbed copy of *Lady Be Good*, she practises her French turns, her killer smile and precisely how much thigh to show when crossing her legs, and dreams of a time when she can be a part of the world she glimpses through the Mayfair windows of the cashmere shop where she works. When she finds a crocodile handbag left in a pub, it leads her to Suzy St John, a girl-about-town with the glamour, the confidence and the irresistible allure that Jane has been practising for so long. Four Weird Tales Mar 09 2022 Adventures come to the adventurous, and mysterious things fall in the way of those who, with wonder and imagination, are on the watch for them; but the majority of people go past the doors that are half ajar, thinking them closed, and fail to notice the faint stirrings of the great curtain that hangs ever in the form of appearances between them and the world of causes behind. For only to the few whose inner senses have been quickened, perchance by some strange suffering in the depths, or by a natural temperament bequeathed from a remote past, comes the knowledge, not too welcome, that this greater world lies ever at their elbow, and that any moment a chance combination of moods and forces may invite them to cross the shifting frontier. Some, however, are born with this awful certainty in their hearts, and are called to no apprenticeship, and to this select company Jones undoubtedly belonged. All his life he had realised that his senses brought to him merely a more or less interesting set of sham appearances; that space, as men measure it, was utterly misleading; that time, as the clock ticked it in a succession of minutes, was arbitrary nonsense; and, in fact, that all his sensory perceptions were but a clumsy representation of real things behind the curtain—things he was for ever trying to get at, and that sometimes he actually did get at. He had always been tremblingly aware that he stood on the borderland of another region, a region where time and space were merely forms of thought, where ancient memories lay open to the sight, and where the forces behind each human life stood plainly revealed and he could see the hidden springs at the very heart of the world. Moreover, the fact that he was a clerk in a fire insurance office, and did his work with strict attention, never allowed him to forget for one moment that, just beyond the dingy brick walls where the hundred men scribbled with pointed pens beneath the electric lamps, there existed this glorious region where the important part of himself dwelt and moved and had its being. For in this region he pictured himself playing the part of a spectator to his ordinary workaday life, watching, like a king, the stream of events, but untouched in his

own soul by the dirt, the noise, and the vulgar commotion of the outer world....
